Memorandum

-----, 19-----

Dearsts P&D -

To get to a zero a stamp and envelope and to have me not taking a nap -- Takes time which is omnipresent and never the same -

Loke is Crazy June which has several charges for - I am sure I wrote Robert but not sure I concluded the ones I just feel fussy about -

And here's part of the letter which seems a poem to me - I didn't send it all

because I didn't get
Roberts okay and it all
seemed to have this un-
self-conscious poetic
quality -

Did I send you Womens
Poems III and ask for \$1 -
if not I must - & you
must be sure to see me
when you come for the Poems
as duty for me too
Love -

Jeann
Happy New Year -
